Homecoming 91 was unique. We retired our crown after ten years and honored our queens from the last ten years. The Homecoming Queen for 91 was elected by the student body Friday during lunch. Spirits were high during Spirit week and were not put out by our defeat at the hands of James Bowie. After the game students, coaches, teachers, alumni, and parents attended the dance sponsored by the Student Council. School Personalities for 91-92 were announced at the dance.

We also had a bonfire on Thursday night. It was well attended by faculty, students, and fans.

Homecoming Queen 91 Junior, Wendy Taylor

Senior Duchess- Becky Holdren escorted by her father Michael Sprague.

At the bonfire Teresa Sizemore, Lindy Brown, Delois Harger, Amber Malone, Amanda Woodrum, Rachelle Williams, Rebecca Daniels and Jennifer Taylor are trying to get dreams of winning on everyone's mind.

Stephanie Melton is able to crown our 91 Queen, Wendy Taylor, even with her eyes shut.

HC

Freshman Duchess- Kristi Thompson escorted by her father, Gary Thompson.

Sophomore Duchess, Trina Holdren escorted by her uncle, Bob Crawford.

They're back

and spirit is still in!!!!

In the pictures at the right we see Mandi Daniels and Sue McGuire dancing the night away while Scott Stone and Misty Taylor decided to sit this one out. Magon Fuller, Rebecca Daniels, Wendy Taylor and Stephanie Wheeler are looking for their "fellars". Our former Homecoming Queens were invited to return and be honored along with our Homecoming Queen for "91". Everyone enjoyed visiting with them. Our Queens have been dreaming of returning to show that they still have that "BOBCAT" spirit.

Joy Lambert Caldwell was our Homecoming queen for 84. She and her husband Chris have two children. She is a homemaker and has many hobbies. Her parents are Ruthie and Junior Welch. Her escort is Andy Sulc.

Sandra Carroll our Homecoming Queen for 82 is engaged to Steve Cobb. She is attending ETSU and has already received her Bachelor and Masters degrees. Her parents are Herbert and Fay Carroll. She is employed at ETSU. Her escort is Bruce Yarbrough.

Deborah Jones Hunt, was our Homecoming queen in 81. She and her husband, William, live in the Dallas area. She attended TJC and Lon Morris colleges. She is employed at Topnotch Garment Manufacturer. Her parents are Raymond and Madeline Jones. She is escorted by Gregg Jones.

Stephanie Melton our 1990 Homecoming Queen. She is engaged to Jeremy Taylor, and she is presently employed at the Classic Inn Hotel Chain. Her parents are Forrest and Sue Allen. Charlie Sizemore is her escort.

Billie DeLaRosa our 1988 Homecoming Queen. She is presently a senior in Fruitvale High School. Her parents are Andres and Margarita DeLaRosa. She is escorted by John Pipes.

Candy Hudgins-Facklam our 1987 Homecoming Queen. She and her husband, Wade, live in Fayetteville, N.C. She is employed by Cardina Bridal and Formal Shop. Her parents are Jerry and Helen Hudgins. She is escorted by Kent Facklam.

Wendy Taylor-Tunnell our Homecoming Queen for 1985. She and her husband, Wayne, live in Grand Saline. She is employed by the Dairy Queen. Her parents are Rickie and Diane Taylor. She is escorted by Cody Woodall.

Janice Copeland our Homecoming Queen for 1986. She is now employed by Country Trails Care Center. Her parents are Earl and Marie Copeland. Her escort is Shane Koonce.

SENIORS

Being a Senior has it's ups and downs. It's your last year. And when you make it you know you have accomplished something. It's pretty scary knowing that everything is about to change. But while you are still in school you want to do something which everyone will remember you by.

Although it is scary it is really good because you get certain privileges that no one else gets. A Senior is not the end of something, it is just the beginning. Also being a

Senior means you'll have to start making harder and more complicated decisions in your life. You have a lot of responsibility like looking good because the other students are looking up to you. We hope that Fruitvale High School has prepared each Senior for the real world because we've seen some that haven't made much of themselves. Most of the Seniors will be going off to college or to Trade School.

But being a Senior means that

you have come to the end of the rainbow. Now it's time for all Seniors to begin their dreams. One of the comments of one Senior "My Senior year has been boring, and if it don't change I may quit." Now that's a comment from a quiter.

Other members of the Senior Class not pictured below are Bryan Alexander, Kenneth Harris, Joe Jones, and Landon Abbott. Keith Rucker was here for a short time also.

JUNIORS

JUNIORS! On there way to the top. However, actually getting to the top takes a lot of hard work! Quite often assistance is needed, like working in the concession stand to raise money for the JUNIOR-SENIOR Prom.

Helping others is a very important part of your high school years, whether you're giving or receiving. How many times have you bummed a quarter, a ride, or a couple of answers off your best

friend? How many times have you supplied them? Life has a lot to give especially in high school, but friends make it worthwhile.

Looking forward to your Prom is really special. We, the Juniors, get to plan everything and you know that it is going to be the best ever. No one has ever had a PROM like the one we are planning. Even working in the concession stand on a cold night and not getting to watch the football game is all part

of being a Junior.

Being a Junior means that you are finally considered an upper classman. You look forward to getting your class ring and your letterman jacket. Also for some people it means your first Prom. You must start thinking about your future. You need to think about what you are going to do with your life. As a senior those kind of decisions will be facing you.

SOPHOMORES

Being a Sophomore seemed like a year with little activity, because of feeling stuck in the middle of things. You're not a Freshman, and you're not an upperclassman, but the Sophomore class proved this to be wrong. The Sophomores had a lot of planning and organizing to do. There were those drivers license to get, decisions to make about vocations, not to mention all

the homework and other school activities. With the guidance of our class officers, the Sophomores reached their goal of a more spirited, cooperative and more organized class.

Some of our Sophomores were interviewed. This is what Bruce Yarbrough was asked: How long does it take you to get ready for school in the morning? Now here is

his answer: from an hour to an hour and 15 minutes.

This is what we asked another Sophomore Cleborn Freeze: What activities are you in and how do they help you? Now here is his answer: Ag.(FFA) it taught me responsibility and other things about agricultural businesses.

FRESHMEN

Being a freshman is probably the lowest part of a person's life. Freshman get pushed around in the halls and get yelled at about everything. Another bad thing about being a freshman is that you get called a "fresh fish" all the time. Other than that, being a freshman has been fun.

There are good parts about being a freshman, the Junior High kids look up to you and being in High School makes you feel older. It means you are able to be in

all the clubs. You can also hang out with older people. You can also choose the classes you want to take.

When we hear the word Freshman we think.....

immature

frustrating

These are some of the comments that the freshman said when they looked at the classes they had to take.

Eighth

Eighth Grade,

the new batch of freshmen coming soon to Fruitvale High School.

Will these cheerful little Eighth Graders be ready to face the duties of playing the role of the Fruitvale Freshmen class next year?

Some finding themselves lost in a crowd of strange faces. Others being lost outside of the crowd. No doubt the new batch is probably going to be nervous and confused about their first year of high school.

Not to worry though, It's a phase. With all of their mix of personality and there great potential that makes them all together such a very unique class. The New Batch of Bobcats in Fruitvale High are sure to do just fine their Freshmen year.

Seventh

The seventh grade may be small in number, but it is large in school spirit. The seventh grade provided the middle school cheerleaders this past year. We are very proud of these seventh grade girls for taking such a big stand for their school. The seventh grade also had a lot of athletes show just how good they really are. The seventh grade also learned things about their Texas heritage that they may

have never known before. As the year grows closer to the end they are looking forward to becoming the "seniors" of middle school. Just remember that you were once on bottom and that being on top won't last for long.

Sixth

As a sixth grader we really feel big now that we are in Junior High. After all we are not in elementary anymore. Mrs. Gilmer, our teacher, has really worked hard this year. One of our fun projects was balancing eggs during the equinox. Everyone took part in this experiment.

In P.E. we learn about a lot of sports like volleyball, football, basketball, and track. We get to work out a lot and have fun. The boys like something called bloody alley. In the band we learn new notes,

scales, and songs. Everyone's favorite song is "Little Rock." In math we learn about all kinds of math problems and we get a lot of help. All the boys think that math is a crazy class. In reading we learn all kinds of stuff. We get to read out loud, with partners, and silent. We get to make our own poems and riddles. Sometimes we get bored. In science we get to have projects like making roller coasters, and growing beans. In spelling and english we learn new words and meanings. We learn a lot of stuff.

Fifth

Fifth grade went to Edgewood Heritage Park to compare the early buildings and the stories they were told by guides dressed from that time period with what they have learned in Social Studies. They did oral book reviews for the Elementary Classes. They did biographies and dressed the part of the character. In the spring we will do flan-

nel board characters of childrens books and do the stories for Kindergarten.

Each student has a different book and they make their own characters.

Fourth

The fourth grade has had an exciting year with their "WORLDS GREATEST TEACHER," Mrs. McEnturff. They have visited the Christmas tree farm, and Edgewood Amusement Park. They even worked on science projects having to do with Botoney bottles. They've also learned how to average grades and divide, and learned the culture of Indians. The fourth grade has made sure to invite all their parents to join the PTC meetings. This participation got

them an ice cream party. They've also made Valentines' for their parents.

Students in third grade have had an exciting year. They visited Edgewood Heritage Park and visited the blacksmith, Scott's home, the gift shop, and the Gazebo. Their knowledge has increased with times tables, days of the week, months of the year, compound words, contractions, and even used the computer. They performed two skits at Christmas and Valentines. They made their own costumes. They made projects for Halloween, Thanksgiving, Christmas, and Valentines. In mu-

sic class they have learned about musical notes and how to read them. They sing the "Ghost of John", "Frosty the Snowman", "Deep in the Heart of Texas", "Ol'Joe Clark", and "Noah's Ark."

Second

Has had a great year. They went on a Field trip in Edgewood to the Heritage Village Museum. They learned colors through mixing paints. They mixed them to see what colors they turned out to be. They made worms out of contruction paper and pipe cleaners. They made books in class. The reading

group made peanut butter balls with different toppings such as: nuts, coconuts, sunflower seeds. They also made valentines for their parents.

We have had a lot of fun this year. In October and December both classes visited the Grand Saline nursing homes. It was our way of spreading a little happiness around. In November we learned all about the Pilgrims and Indians. Our Christmas program was a real success as we told what Christmas means to us. (One special moment, Rosa Gomez, dressed as an angel forgot what A stood for.) In January — the BIG event — we were moved to a brand new classroom.

This has been an eventful year for the children as they await the coming of my baby. They are constantly wanting to know if it is a boy or girl.

Historical, Handsome, and Happy are three words which would be associated with Pre-Kindergarten's school year. First and foremost having a Pre- Kindergarten program is an exciting historical event for the Fruitvale School system. Second is the handsome buildings which were built to house the Pre-Kindergarten classes and one of the first grade classes. Lastly is the happiness of the Pre-Kindergarten teacher and students to have such a marvelous place to learn and discover in.

I would like to thank the Fruitvale community for this wonderful opportunity to prepare it's students for future academic goals.

ADMINISTRATION

The faculty and administration have been very interesting this year especially with "Mr.Terrific", "Larry Bird", and "George Straits wife" also known as Mr.Simmons, Mr.Steger, and Mrs.Nations.

The faculty and administration put together two of games of basketball. Even though our team didn't win either game it was fun to watch. The faculty also challenged the seniors to a couple of volleyball games, which the faculty won. "The faculty at Fruitvale are totally different from faculty anywhere else. They are hardworking and understanding. They're always there

to lend a helping hand. Our Faculty makes the school feel like home. Here we feel like one big happy family."(quotes from a student)

A seasons greeting from Dr. Travis

"Magical"

The path of education is not the yellow brick road. Neither do we have magic slippers. Yet, I see magical happenings everyday in our own land of OZ.

"A hug from a four or five year old child is magical."

The front-toothless laughter of first graders is magical.

A second grader's enthusiasm is magical.

A third grader reciting the times tables is magical.

Fourth graders enjoying a story is magical.

The quiet murmur of fifth graders working is magical.

Middle school students just surviving is magical.

The wonder of being a freshman is magical.

A sophomore's first love is magical.

The juniors' "wait 'til next year" is magical.

Senior graduation is magical."

"Even more magical is the love and care each of you give to our students."

Joyce Driskill has been at Fruitvale for 14 years. She graduated from L.D. Bell High School. She is currently attending college. She's a Registered Tax Assessor for the state of Texas.

Susan McCann attended Cisco High School. She has been working part-time in administration for two years.

Lynn Gilmer, our High School Secretary, has been at Fruitvale and in education for 14 years. She graduated from Grand Saline and attended TJC & FBC.

Helen Hudgins our elemetary secretary has been at Fruitvale for 15 years. She graduated from Edgewood High School

The members of the School Board give unselfishly of themselves and their time for the benefit of the students enrolled at Fruitvale I.S.D. Without such dedicated people our school could not function. Thanks for caring!

The administration is willing to help you in any way possible, they are here for you in any type of situation. They don't just help us they educate us also. They tell us our mistakes and how we should improve our work. Mainly they just want to help us to excel. Without the Fruitvale administration I think the students would be really upset

Phrases students hear from administration most often; do not chew gum, you need to get to class, don't be tardy, you have Driver's Ed. today, and one lady (who will remain anonymous) always says that she will have to walk 2 miles if she eats sweets.

Aids are essential.

In a survey, the elementary teachers said if they had a different career they would like to be, a Lawyer, Housewife, Psychologist, or anything that pays good money and requires no work. They were asked, if you could be someone else who would it be? Their replies were: Princess Di, Miss Jane Marple, or a millionaire. They were also asked: What is your most of-

ten used phrase? Their replies to this were; Stop, Think, Listen, Hang On, A Day Late and a Dollar Short.

Aids are very important. They copy papers, keep up with lunch count, grade papers, and pick up the absentee slips. Elementary aids also help dress students for special events, and look after the children when the teachers are not present.

They have a lot of responsibilities. If it were not for our aids the teachers would never be caught up. In a few words, aids are wonderful, gofers, life savors, and teachers can't do without them. So, the next time you see an aide remember, they are an important part of the schools faculty.

Cafeteria

The cafeteria workers have helped make lunch time fun for all of the students and teachers. They held a contest to see just how much the students and teachers knew about the history of school lunches. The winners got a T-Shirt and also learned something new in the process. We would like to give our thanks to all of the cafeteria workers for all they have done for the students and teachers. The cafeteria staff pictured above are Christie Pickens, Earline Fisher (Lady-in-charge), and Barbara Abrams. Susan Daley is on the opposite page driving her bus.

The winners of the cafeteria contest about the history of school lunches are ; Ashley Glover, Racheal Wyatt, Jennifer Griffith, and Sandra Sizemore. We are very proud of these students.

Dianna, another staff member, is always smiling.

Smiling faces sure make the lunch crowd feel good about where they are.
We could not decide about a good logo for the cafeteria so we got together several to try to have an appropriate one.

DRIVERS

&

MAINTENANCE

Jim Bullman, John Duke, Bob Pickens, Carl McCann, and Susan Daley are all driving our bus to whatever destination our students need. If, for whatever reason, a driver is not available, our extra wheels, Stan Surrat and Jayson Housson take over.

Leland Carter, above, riding his trusty steed and keeping our campus looking good. Fay Carroll, at right, comes at all hours of the day and night in order to keep our classrooms in tip-top-shape. William Gillispie, right, works everywhere in elementary keeping rooms, hallways, and playgrounds neat and nice. R. C. Whitfield, bottom right, with his tools of trade, keeps leaves, lightbulbs, mowers, and all things fixable going right. Everyone knows that if something is broke you just have to call on the right person to get it taken care of.

These people are really helpful in many ways. If you lock your keys in your car they will find some way

to get them out. If the lock is broke on the file drawers they will come in and open it right up for you. So they are really important people to have around. If they were not so helpful I could not imagine what our campus would be like. Girls locked in the bathroom and teachers locked out of their rooms. Would all be in trouble without the helpful maintenance people.

STUDENT COUNCIL

The Student Council of the 1991-92 year are, on top: James Hawkins-Jr. Representative, Sr. Rebecca Daniels- President, and Bruce Yarbrough- Soph. Representative. 2nd row: Traci Hudgins- Jr. Representative, Tonya Boyles- Reporter, Clare Rasure- Sr. Representatives, Amanda Woodrum- Fresh. Representative, and Gregg Jones-Sr. Representative . Next row: Peggy Carnes-Sponsor, Rachelle Williams-Jr. Representation, Kristi Thompson-Fresh. Representative,Cleborn Freeze-Soph. Representative, and John Pipes-Fresh. Representative. Bottom row: Coy Daniels- Soph. Representative, and Jason Daley- Jr. Representative. This has been F.H.S. Student Council's best year ever. This is the first time any Fruitvale Council has received two state awards; 91-92 Out-

standing Council Award and 91-92 Outstanding S.M.I.L.E. award. The council members are proud of all they have accomplished. Besides fundraisers and teacher appreciation days there have been many activities to benefit our school.

The council initiated "Student of the Week" and "Organization of the Week". There have been special assemblies: National Day of Prayer, Veterans Day Program, and a Sea World Educational Program. Red Ribbon Week, Homecoming Week, Sash Week, and Drug Prevention Week have all been a major part of the 91-92 Council activities. Safety and Energy Projects have always been very educational, too. Our Elementary Projects were indeed a success! "Hats off to our Student Council"!

The Student Council getting ready to go to Austin for their State Convention. Standing are: Rachelle Williams, Amanda Woodrum, Gregg Jones, Traci Hudgins, Mrs.Carnes, Kristi Thompson, Jason Daley, and Clare Rasure. Not pictured, Rebecca Daniels, because of a little accident on the way to library.

History, Spanish,

The History Club students went to the Sixth Floor Exhibit with other students on a field trip. It was educational as well as fun. They also sold candy to help raise money for a trip to Washington, D.C. Those who went had a really great time. There was so much to see and do that there was not enough time for all that we wanted to accomplish. Our Club will be really working hard to raise money now because we know how much fun we can have and we sure plan to

go again.

At least candy is not hard to sell, even teachers and other members of the staff look for Mrs. Fisher or other members to buy candy. If we are temporarily out people start fussing. They must have a chocolate-tooth as well as a sweet-tooth.

The Spanish Club missed their trip to the Bi-Lingual Theater because it was on the same day as the election and Mrs. Fisher could not take us. We sold posters again this

year so we are making a start towards being able to plan for bigger and better things next year. After all our Club is bigger this year.

The Beta Club grew in size this year with the addition of several new members, including some outstanding Sophmores and Freshman students. We are looking forward to participating in the state Convention next year in San Antonio. More support drives are scheduled for next year also.

Standing are Dena Erwin, Loretta Dickerson, Laniece White-Reporter, Lisa Wade, Teresa Sizemore-President, Stephanie Wheeler, Sandra Sizemore, Barbara Fisher-Sponsor, Shelly Griffin-Secretary, Neil Hodge, in front Christal Dickerson, Steven White- Vice- President, Robert Beall, Dewayne Reynolds, Shane Kounce, Cleborn Freeze, and Tracey Cotton are all members of the History Club.

The FFA has had an exciting and fulfilling year. Showteam members won several ribbons from their 800 miles of travel to nine different shows. Some activities that members have attended are the officer training camp at Paris Junior College, the state convention in El Paso, the officer training school in Wynona, the National Convention in Kansas City, Missouri, the District Banquet in Hawkins, and the area convention in Gladewater. At the District Leadership contest in Muenster the Greenhand Chapter Conducting Team and the Quiz Team got fourth place, Creed Speaking got third place. The Skills Team and Creed Speaking went to area at East Texas State University.

Scott Stone and Rebecca Daniels, were elected Mr. and Miss FFA in the Fruitvale Chapter and competed in district meet.

The local chapter prepared and served breakfast to all the Fruitvale School Faculty. The chapter has done this for several years and the faculty really looks forward to it. Teachers are always looking for a free meal, especially when they can get students to serve them.

Second row: Sandra Sizemore, Jamie Clayton, Laniece White, Shelly Griffin, Loretta Dickerson, and Kent Facklam. Top row: Jerry Moyers, Jeff Brown, Leigh Ann Fryer, Misty Taylor, Breanna Combs, and Adolfo Osuna. Lisa Wade, Dorinda Nichols, and Stephanie Wheeler attended a Cluster Meeting in Dallas. Also Lisa Wade, and Jason Daley attended Region 3 meeting at TJC. Last but not least Lisa Wade, and Dorinda Nichols attended the State Convention at Fort Worth Tarrent County Convention Center. This year we had a FHA kickoff party at the first of the year with food and games, a Christmas party where we opened gifts and had a great time, and a Valentines dance where several people danced the night away. The chapter also had a Banquet with a nautical them. People were there from Gilligan's Island along with mermaids, pirates, and some just plain people. The food was fantastic and the fun was even better.

One Act Play

"Artic Spring" is the play our One Act Play group performed. They presented it three times, for the student body, the public, and competition. Linda Travis and Mary Lane were the Sponsors. Although the group did not go on to zone they brought home several honors. Amanda Woodrum as Blossom and Teresa Sizemore as Elbert brought home all Star Cast. Rebecca Daniels as Gwendolyn and Bruce Yarbrough as Sam got Honorable Mention all Star Cast.

In front: Blossom, Elbert, and Stage manager. Back row: Robert, Ginger, Sam, and Gwendolyn.

The Student Body really enjoyed their preview when the cast performed for them. There were tears from laughter as the cast did an excellent job.

Teresa started working as stage manger and filled in as Elbert when Robert missed practice. When he dropped out she moved right in and helped bring home the honors.

In front: Teresa Sizemore, Rachelle Williams, Amanda Woodrum, and Rebecca Daniels. Back row: Jeff Brown, Bruce Yarbrough, Jason Daley, and Robert Beall.

ACADEMIC

Academic Awards for excellence are given in each department. The criterion for these awards are grades, being on time to class, being present, a willingness to work, and to cooperate with both teachers and other students. Students that strive for excellence achieve these awards. Many times it is very difficult to decide who will receive these awards because there are several students that meet or exceed the criterion.

This year's awards went to the following students: Rebecca in English. Jeremy, Laniece, Teresa, and Shelly were recognized for outstanding work on the annual. Jeremy in Social Studies, Wesley received the Free Enterprise award, Jennifer received the music award. The FHA and FFA awards were received by Lisa, and Greg. The Special Ed award was received by Raymond. The Science award went to Bruce. The computer award was received by Steven. The Math and Business awards went to Mike. Also receiving recognition were the students who had no absences and no tardies. We also had several students who worked as aids for teachers and Mrs. Lynn. Our Student Council received two awards at the state level, one for being one of the outstanding councils in the state and the S.M.I.L.E. award.

HIGH SCHOOL

The Fruitvale Student body voted by secret ballot for the High School personalities. We have many types of personalities in our school among the student body, such as Jeremy Erwin and his red umbrella, Teresa Sizemore and her lucky hairballs, Troy Daniels and his rebel attitude, and last but not least Charlie Sizemore and his golf

clubs. Everyone is a separate and distinct person but you might have a hard time selling this idea to some of our couples such as, Steven and Laniece, Troy and Misti, Kelvin and Stephanie, Cody and Shelly, Scott and Misty, or Robert and Cindy.

The students found it very hard to decide on who to vote for.

Rebecca was voted most likely to succeed.

Scott and Rebecca most school spirit.

Jeff Brown was voted most likely to succeed.

PERSONALITIES

Angie was voted for most athletic.

Billie and Scott were voted Mr. and Miss FHS, best all around, and most beautiful and most handsome.

Becky Holdren was voted school clown.

THE LAST WILL AND
TESTAMENT OF FRUITVALE
HIGH SCHOOL CLASS OF 92

The Senior Class has many things to leave to the Junior Class and other members of the school. The seniors are weary-hearted and teary-eyed because of the sadness of leaving, of what has been, and always will be, one of the best times of their lives. The Senior Class of Fruitvale High School, being of sound mind and body, leave the following:

Gregg Jones: I leave Vern and Jason the ability to come to school on Monday and brag about their weekend; that no one can beat. I also leave Jason the ability to do what he likes in Mrs. Fisher's class. I leave Vern my locker, I don't know the number, but it is the first one on the bottom by the trophy case. Finally I leave to all the students the ability to never say "never".

Becky Holdren: I leave Cindy Love the right to change the color of her hair any time she wants.

Leigh Ann Fryer: I leave Vern the right to pick on Mr. Lolley any time he wants, and also to be the leader of the Mighty Fighting Marching Bobcat Band next year. I leave Wendy Taylor locker #234, so that she can have the same locker Floyd had his senior year.

Dovie Elmore: I leave Cindy Love, Tracye Cotton.

Scott Stone: I leave Greg Gothard the keys to Mr. Nations' truck. I also leave James and Kent the right to ride around without getting caught. I leave Charlie the right to think he's better than he is. To Misty, I leave myself,

because I'm not going to leave you.

Rebecca Daniels: I leave James Hawkins my room, that is, after I move out. I leave Rachelle all the responsibility, hard work, and fun of the Student Council. I also leave Wendy Taylor the right to do what she wants without pressure. To Charlie and James I leave the right to roam the halls and give Mrs. Bailey a hard time without getting into trouble. I also leave Jason Daley the right to have as many girlfriends as he wants without any of them finding out about the others. To Msity Taylor, I leave my athletic locker and numbers, and the ability to have fun without Scott and me. Finally, I leave the Class of 93 my love and support and the ability to make the most of your senior year.

Clare Rasure: I leave Jackie Coulter the ability to skip school without getting caught. I leave Tonya Boyles and Traci Hudgins the right to privacy while in the lunchroom. I leave Rachelle Williams locker #230 and my everlasting friendship. I leave Angie Taylor the best of luck, and all the memories of the past years gone by.

Shelly Griffin: I leave Tonya Boyles locker #218. I leave Wendy Taylor my Government book and Angie Taylor my Economics book. I also leave to all the Juniors the hard work and confusion tht you will get in Mrs. Fisher's class and I leave you the best of luck, believe me, you'll need it.

Bryan Alexander: I leave Darrel Hunt the ability to only break the expensive things in Ag shop.

Teresa Sizemore: I leave James Hawkins my lucky hairballs and my locker. To Rachelle Williams I leave the right to knock out anyone who gets in her face, cause momma said "knock you out". To Charlie I leave the right to carry on the SIZEMORE attitude. Last, but not least, I leave Mr. Pickens this thought, no

matter how bad life looks, SMILE, because its gonna get better.

Wesley Baugh: I leave my locker to Kelvin and lots of luck in the future.

Steven White: I leave John the right to blow the engine in his car and get a new one. I leave the whole Junior Class the right to be Seniors in the 92-93 Year.

Jeff Brown: I leave Tonya and Traci the right to peace. To Mr. Housson I leave him the right to do his own laundry.

Laniece White: I leave all the Juniors the ability to make the most of their Senior Year and to become the best of friends. I also leave Mr. Surratt the fine that I owe in the Library. Last, but not least, I leave Mr. Pickens (on behalf of the Breakfast Club) a large pizza and several roles of tissue paper (we'll miss you.)

Troy Daniels: I leave the ability to make people feel foolish to Darrel Hunt.

Billie DeLaRosa: I leave Kent Facklam locker #234 because he is so much taller than I. I leave Darrel Hunt the right to stop class and take a nature moment. To Wendy Taylor I leave the right to sweet talk Mr. Pickens out of work. And to Angie I leave the right to give Coach Kerr a hard time about her outfits. Lastly I leave Jackie Coulter the right to miss as many school days as possible "without" going to "Saturday School" and still manage to pass.

We the class of 93 will now take you in to the year 2012 where anything and everything can and does happen.

First we see Brian Alexander. He got married, but still lives with Jamie's parents and seven other people in a three bedroom house.

Wesley Baugh hit a growth spurt and is now 6'11 and plays center for the Chicago Bulls.

Jeff Brown is still trying to finish college, but he has a hard time getting there because he's always running out of gas.

Rebecca Daniels started a world wide newspaper in Austin, where she attended the University of Texas, instead of her one time choice, Texas A&M. Some of her hobbies include going to sea world and dressing up as Shamu for the kids.

We looked real hard for Troy Daniels, but had no luck. More than likely, he is hiding in a tree somewhere, avoiding cutting his hair for the army.

Billie DeLaRosa owns the country club she once worked for, and can now afford the BMW she had always wanted.

She had to buy her own sporting goods store to keep an old high school flame in new tennis attire, just for old times' sake.

Becky Holdren now owns

Holdren Minishop here in Fruitvale, where she still fights with her sister over the family car.

Dovie Elmore is in partnership with Becky in the Minishop, because they figured it would take both of them to make correct change for their customers.

Jeremy Erwin now owns his father's concrete business. Erwin Concrete, however, is only open two days a week, because Jeremy figured a two-day work week is plenty long.

Wendy Fincher owns her own sweet potatoe farm behind her mother's house. Having won the Miss Sweet Potatoe Pagent three years in a row, she figured this was her life's calling.

Leigh Ann Fryer is still sharing her dreams with anyone that will listen.

Shelly Griffin now owns her own beauty shop. After being engaged to Cody for twenty years, she is still looking for a firm commitment.

After being assistant manager of the I-20 Whataburger for nineteen years, Gregg Jones finally owns his own chain of restaurants, where he gives free burgers and fries to the class of '92.

Joe Jones, after several years on the streets, became a narcotic officer.

Clare 'Rasure is still chasing all of the Edgewood guys. Her only problem is that she doesn't know what to do with them when she catches them.

Chad Riley still has a short temper. He is still in college because he can't make up his mind about a career. And after years of therapy he finally got over his fear of needles and fish

hooks.

Teresa Sizemore, Fruitvale's finest woman, works two jobs; Chief of the Fruitvale Fire Department, and Physical Therapist. She also became the first woman and world champion boxer.

Scott Stone, after his discharge from the army, won the lottery and bought a chain of stores selling his favorite Kool Aid.

Steven and Laniece White own The Fruitvale Sausage and Biscuit Warehouse. Where they invite the Fruitvale Breakfast Club over for free breakfast every morning.

Landon Abbott unfortunately never full-filled his dream of becoming a dentist. Instead he is now counseling men with bad haircuts.

Dewayne Blakely took over his grandfather's construction company, and finally got hooked up with his dream girl. After years of listening to loud music, however, he never hears a word she has to say.

The last senior we see is Brute Harris, after losing his arm in the feed mill, he found his way to God and is now a T.V. evangelist.

So there you have it, the future of the class of 1992. So watch out world its gonna be a crazy place out there!

Graduation is an exciting time for everyone. The seniors first, of course, their parents, relatives, and friends. But be sure and remember that it is also a time of reward for the teachers who feel; as if part of them are on the stage along with the students. Everyone who has had a part in helping the seniors reach this point in their lives, are rewarded when they reach and touch that diploma.

Rebecca Daniels is the valedictorian of the Senior class of 92' and Clare Rasure is the Salutatorian. Bro. Carl McCann gave the commencement address. A large crowd attended Graduation. Everyone was eager to watch our seniors as they received their diplomas and awards.

GRADUATION

There are all kinds of line ups. The students above are lined up and ready to begin a new phase in life.

Some people in the line up are trying to hide (for what ever reason).

One potato, two potato, three potato or more, however the rhyme goes, Mr. Bullman is helping the line up get started.

Some of our school board members get to sit up front and others will do anything to get in the picture.

All ages get in the act. Brenton caught a ride with dad.

HIGH SCHOOL FOOTBALL

The Fruitvale Bobcat football team did not win a game score wise, but they sure won our hearts. They were willing to keep right on fighting even when things seemed hopeless.

Only a group with a fighting heart can go against such odds. Below are some of our fighting bobcats hard at work during practice.

TRACK,

Angie Taylor and Kent Facklam were two of the outstanding athletes in Track. Kent Facklam placed sixth in the triple jump, third in shot put, and second in the high jump at the District Meet. Kent Facklam then went to Regional in the high jump and placed third. Angie Taylor placed first in the high jump and first in the 400 meter at the District meet. Then at

Regionals Angie placed third in the high jump and first in the 400 meter. Angie Taylor was then able to go to State in the 400 meter and placed seventh. We are proud of both of these athletes and all of the other members of the Track team. We believe they did their very best to make Fruitvale a more successful school and to make winners out of themselves.

Top row: Coach Housson, and Coach Kerr. Bottom row: Brad Creamer, Kent Facklam, Angie Taylor, and Tonya Boyles.

TENNIS, AND GOLF

Top row: Bruce Yarbrough, Chad Riley, Kent Facklam, Charlie Sizemore, Jason Daley, and Scott Stone. Bottom row: Clare Rasure, Rachelle Williams, Rebecca Daniels, and Misty Taylor.

Charlie Sizemore, Mr. Pickens, and Kent Facklam.

In tennis Kent Facklam, and Scott Stone placed first in the Boys Doubles at the District meet. Charlie Sizemore, and Robert Beall placed second in the Boys Doubles at the District meet. Rebecca Daniels and Misty Taylor placed first in the Girls Doubles at the District meet. Kent and Scott placed fourth at regionals. While Rebecca and Misty did not place at Regionals, they had fun while they were there though. Everyone worked hard and they were all sunburned and could hardly move. We are very proud of them and hope that next year the tennis team will work just as hard. We also hope that Coach Surratt can make it for the group shot next year.

In Golf Charlie placed in District and competed in Regionals.

Here we have Charlie showing off his talents.

U.I.L. COMPETITION

Teresa, Rebecca, and Billie are ready to light the bomb fire.

HIGH SCHOOL CHEERLEADERS

Amanda Woodrum, Rachelle Williams, and Rebecca Daniels.

Amanda Woodrum, Rebecca Daniels, and mascot Rachelle Williams became Fruitvale's team leaders when it came to school spirit. These young women led all cheers at football games no matter what the score. They were not just leaders in cheerleading, but were also the fans.

Amanda and Rebecca are FFA officers. They went to many Ag shows and conventions representing FISD in the best way possible. All three young ladies are also members of Student Council. By this, you can tell that Amanda, Rebecca, and Rachelle have played as big a part in making FISD a successful school for everyone.

JUNIOR HIGH CHEERLEADERS

This year's cheerleaders did an outstanding job. They kept the crowd cheering and the players winning. They even did cheers with the High School Cheerleaders at games and at pep-rallies. These cheerleaders have done a super job for the Junior High football team.

Pictured are: Amber Malone, Delois Harger, Lindy Brown, and Jennifer Taylor.

MIDDLE SCHOOL BOYS

Johnny Lewellen tries to dribble past the opponent while James Jones is there to help.

The 1991-92 Junior High season proved that the future of basketball is alive and well in Fruitvale. With participation in the Jr. High basketball program at an all-time high this year, the toughest assignment was finding playing time for all these young athletes. Participation was especially high among the younger sixth and seventh grade students. A hard working team dominated by youth can only lead to expectations of a bright future next year.

The Bobcats were competitive throughout the year, with the highlight of the season occurring in a twelve point victory over the Edgewood "B" team in the Murchison Tournament.

With the courage and dedication displayed by this years young Bobcat team, the future for Fruitvale's Jr. High Basketball could not be brighter.

Top row: Johnny Lewellen, Josh Tull, Phillip Rose, Heath Bailey, Mike Dry, Toby Fowler, Doug Taylor, and Wesley Harrison. Bottom row: Harold Merony, James Jones, Joey Alexander, Danny White, James Jones, Charles Gossett, Jason Brown, and James Farley.

BILL OF RIGHTS DAY

The Government Class sponsored a "Bill of Rights Day" Friday December 16. This commemorated the 200th birthday of the Bill of Rights. Special guests included our speaker and Congressman Ralph Hall from Rockwall, E. K. Slaughter, the congressman's district assistant, Charley Wilkerson, from state senator Ted Lyon's office, Truet Mayo, our County Judge, and many other people from our community. The Seniors did a wonderful job with readings and pieces of History that made everyone proud to claim their hertiage. We were all proud to say "WE ARE AMERICANS AND PROUD OF IT".

COMMUNITY LIFE! People from over the county and beyond came to watch the animals perform. Of course some students and non-students performed also. All types of animals were on parade. We had the parade of pets, pigs, and cattle as well as people.

All ages are watching the show.

In order to show you have to pay an entry fee

Is O. D. hazel discussing the livestock show, his granddaughter's calf, or trying to get votes.

This small fry is interested in digging a hole not watching the livestock.

"If Mom would let me get in there I could do it right"

Grandfathers are always ready to pose if their grandson is with them.

Everyone has to learn sometime. The judge is showing Bryce Nations how to show his calf. If the calf will cooperate he can do the thing like it should be done.

We have on our right the group that went to Washington, D.C. over Spring Break, excluding Mr. Hall of course. The History Club members, parents, grandparent, sister and niece all had a super good time touring Washington, D.C. Below Teresa is very busy working and at the bottom our graduating kindergarten class have their awards in hand.

AWARD OF HONOR IN JOURNALISM

presented to

Fruitvale High School
Bobcat '91

in recognition of outstanding achievements and progress in journalism
among school yearbooks in its classification for this school year.

Presented: April 12, 1992

Bobby Hawthorne

Director, ILPC

The Ole Gray Mare sure ain't what she used to be but finally with Stephanie Lewis's wonderful help it is finally finished.

At right is part of the annual staff from 91 with their award pictured above. On page 89 are two seniors Bryan Alexander and Landon Abbott who started late and did not get on the senior page.
